

Cloud Security Day 12th June 2019

Start	End	Room A Technology Stream moderated by Rainer Rehm	Room B Technology Stream moderated by Pascal Busch	Room C Cloud Security Alliance Stream Cloud Security & GDPR moderated by Peter Kunz	Room D ISSS Stream Digital Transformation moderated by Umberto Annino	Room E Workshop by Ivan Pepelnjak	
08:00	09:00	Registration & Coffee					
09:00	09:30	Short introduction of the sponsors / event partners					ipspace.net, Ivan Pepelnjak, Independent Network Architect Workshop Microsoft Azure Networking (needs a separate registration! – check https://www.sig-switzerland.ch/microsoft_azure_networking/)
09:30	10:00	Forrester, Laura Koetzle, VP, Group Director Serving Security & Risk Professionals Cloud Security, The Next Five Years: Regulatory Balkanization					
10:00	10:30	Zscaler, Alex Teteris, Principal Technologist • EMEA Advisor for Strategic Business A CIO Challenge: Securing a Cloud-first Network					
10:30	11:00	Break					
11:00	11:25	Qualys, Leif Kremkow, Director Technology How to Vulnerability Manage Ephemeral Compute	Check Point, Stephan Fritsche, Cloud Security & IaaS Manager Security in the Cloud – Different solutions for Migration & Cloud Natives	Aderhold, Udo Steger, Lawyer for FinTechs, IT vendors and IT users Cloud and the GDPR - a few legal tips for a peaceful coexistence	Accenture, Stefan Frei, Senior Principal Security Expert Supply Chain Risks		
11:35	12:00	Rainer Rehm, CISO & DPO at Zscaler Security Workforce Awareness	NTT Security, Franck Braunstedter, Senior Manager Cloud Security Compliance and Security Automation for Cloud Environments	OneTrust, Efrain Castaneda Mogollon, Privacy and Data Protection Expert From Spreadsheets to Streamlined: Automating the Third-Party Cloud Vendor Risk Lifecycle	SIX Group/ISSS, Umberto Annino, Head Security Governance Sauberes Management der Risiken für eine sichere Transformation		
12:00	01:30	Lunch					

Cloud Security Day 12th June 2019

Start	End	Room A Technology Stream moderated by Rainer Rehm	Room B Technology Stream moderated by Pascal Busch	Room C Cloud Security Alliance Stream Cloud Security & GDPR moderated by Peter Kunz	Room D ISSS Stream Digital Transformation moderated by Umberto Annino	Room E Workshop by Ivan Pepelnjak
01:30	02:00	Kaspersky Lab, Christian Funk, Head of Global Research & Analysis Team, DACH Advanced Threats and Future Trends				ipspace.net, Ivan Pepelnjak, Independent Network Architect Workshop Microsoft Azure Networking (needs a separate registration! – check https://www.sig-switzerland.ch/microsoft_azure_networking/)
02:00	02:30	Akamai, Richard Meeus, EMEA Director of Security Technology and Strategy Start Your Zero Trust Security Journey in the Cloud				
02:40	03:05	SEC Consult (Schweiz) AG, Florian Lukavsky, CEO Connected Risk: Security Challenges of IoT	David Levine, Vice President Corporate and Information Security/CSO at Ricoh USA, Inc. sponsored by Bitglass Fireside Chat: Securing an Expanding Cloud Presence	Cloud Security Alliance Dutch Chapter, Peter van Eijk, Board Member Cloud Security's Main Challenges	BPREX, Peter Bitterli Nachweisbarkeit und Erklärbarkeit digitaler Prozesse	
03:05	03:35	Break				
03:35	04:00	Tufin, Thorsten Geissel, Senior Systems Engineer DACH Bridging the Security Gap to the DevOps Model	Ping Identity, Mehmet Yaliman, Senior Regional Solutions Architect Preventing API Attacks with AI	Cloud Security Alliance, Linda Strick, Director CSA EMEA The CSA Code of Conduct for GDPR - providing Compliance in Cloud Computing	T-Systems Switzerland, Dominique C. Brack, Principal Information Security Alps Region Dronen, das Debakel am Himmel – Analogien zu autonomen Fahrzeugen	
04:10	04:40	T-Systems Switzerland, Ronny Fischer, Security Evangelist The Road to Enterprise Cloud Security	Netskope, Neil Thacker, CISO EMEA Digital Transformation Requires Security Transformation	Microsoft, Andras Kahn, CIPP\E CIPM Data Privacy, Data Protection, and Security lead for ABB, Nestlé, Novartis and Roche Roundtable/Interactive Panel Discussion – Cloud Security, Cloud Governance and GDPR	ti&m, Harald Böttcher, CISO Digitalisierung und Sicherheit: Zwei Seiten einer Medaille	
04:40	05:15				SIX Group, Daniel Coray, Head Cyber Defense Digitalisierung und Automatisierung: Wie lange braucht es SOC, RedTeams und Pen-Tester?	
05:15	07:00	Apéro Riche				

Cyber Security Day 13th June 2019

Start	End	Room A Best Practice Stream moderated by Peter Kunz	Room B Technology Stream moderated by David Gugelmann	Room C Hacking Stream moderated by Endre Bangerter	Room D (ISC) ² Stream Blockchain moderated by Erich Vogt	Room E CSA Training	
08:00	09:00	Registration & Coffee					
09:00	09:30	Short introduction of the sponsors / event partners					Cloud Security Alliance Dutch Chapter, Peter van Eijk, Board Member CSA Training - Certified Cloud Security Knowledge (needs a separate registration! – see https://www.sig-switzerland.ch/csa-ccsk/)
09:30	10:00	Commerzbank AG, Igor Podebrad, Group Chief Information Security Officer Current challenges around Cyber Security					
10:00	10:30	Farsight Security, Paul Vixie, CEO and Co-Founder Surveillance and Control Risks Arising from DNS Anycast					
10:30	11:00	Break					
11:00	11:25	Research & Consulting Center, Joerg Prieler, Master and PhD Studies of Psychology at Investigation & Bundesministerium für Landesverteidigung, Martin Ebner, Inside Threat Risk Detection	Qualys, Marco Rottigni, Chief Technical Security Officer EMEA From VA to TVM: Supporting SecOps Maturity with Consumable Data	Tripwire, Paul Edon, Senior Director, Technical Services Dissecting Today's Attacks to See the Future of Cybersecurity	Blockchain Propulsion, Jeff Schiemann, Chief Risk & Security Officer Business Disruption: a Blockchain approach		
11:35	12:00	Selectron Systems AG, Omar Benjumea, Head of Cyber Security Advisory Next Station: Cybersecurity	Tenable, Thomas Cueni, Security Specialist Eliminate Vulnerability Overload with Predictive Prioritization	Demisto, Lior Kolnik, Head of Security Research Red vs. Blue - Live Attack and Defense session with security automation	ARCATrust, Alexandre Karlov, VP Security The crypto is not enough: reflections on wallet security		
12:00	01:30	Lunch					

Cyber Security Day 13th June 2019

Start	End	Room A Best Practice Stream moderated by Peter Kunz	Room B Technology Stream moderated by David Gugelmann	Room C Hacking Stream moderated by Endre Bangerter	Room D (ISC) ² Stream Blockchain moderated by Erich Vogt	Room E CSA Training
01:30	02:00	Freddy Dezeure, Trusted Advisor, Board and Advisory Board Member in startup companies and C-Suite trainer ATT&CK in Practice: A Primer to Improve Your Cyber-Defense				Cloud Security Alliance Dutch Chapter, Peter van Eijk, Board Member CSA Training - Certified Cloud Security Knowledge (needs a separate registration! – check https://www.sig-switzerland.ch/csa-ccsk/)
02:00	02:30	Mandiant, Jeff Hamm, Technical Director Current State of Incident Response and Network Security: MTrends 2019				
02:40	03:05	Klaus Baldzuhn, Head of IT Architecture and Strategy at MLP Finanzberatung SE Roundtable: What are the key success factors for IT Security Incident Management	Fidelis Cybersecurity, Nick Copeland, System Engineer Changing the Paradigm using Deception	Tanium, Stefan Molls, Director Technical Account Management Compromised! Spend your time hunting down the attacker efficiently	ChainSecurity, Hubert Ritzdorf, CTO Securing the Blockchain	
03:05	03:35	Break				
03:35	04:00	UBS Business Solutions AG, Carlo Hopstaken, Head of Cyber Assurance Testing Insight into testing your cyber defence capabilities	RSA, Gerald Pernack, RSA Archer eGRC Solutions Consultant Cyber Risk Quantification – Translating Cyber Risk into Business Terms	Alsid, Julien Cassagnol, Customer Success Manager The broad impact of Active Directory attacks: a significant threat to Business Continuity	Falcon Private Bank, Patrick Schramböck, Director Bringing trust to cryptos	
04:10	05:15	SIX Group & Anomali Pay Attention to the Analyst Behind the Curtain: How we Create, Disseminate and Operationalize Threat Intelligence	T-Systems Switzerland, Ronny Fischer, Security Evangelist Security Parcours	FireEye, Andrea Cereghino, Cyber Security Consultant Effective protection against cyber breaches: take back control of your security operations	(ICS)2 Chapter Switzerland Blockchain Roundtable; how to generate business successes in future solutions	
05:15	07:00	Apéro Riche
