

MATIAS BEVILACQUA-BRECHBÜHLER TRABADO

Principal Incident Response Consultant

MANDIANT ROLE

Mr. Bevilacqua is a Principal Incident Response Consultant at Mandiant based on Barcelona. As part of the Incident Response Team, he provides emergency services to clients when an elevated security breach occurs. He also helps clients create Incident Response management programs, analyzes and tests existing Incident Response plans, conducts forensic investigations, and provides Incident Response and forensics training. Mr. Bevilacqua has extensive computer forensics background and has provided expert witness testimony on hundreds of investigations over the last decade.

PROFESSIONAL EXPERIENCE

With over 15+ years of experience in both private and public sector environments, Mr. Bevilacqua has a solid background in networking and operating system administration, both on Windows and Linux/UNIX platforms. He has a thorough understanding of malware, computer forensics, and TTPs leveraged by attackers, with over 15,000 hours of computer forensics experience. He is also a very capable programmer with over 5 years of experience leading a specialized computer forensics R&D team.

Mr. Bevilacqua entered the security field as an incident responder for esCERT, the Spanish CERT, and later specialized on computer forensic laboratories. He has designed and implemented corporate and governmental laboratories, from small 5-person corporate teams to a full-fledged governmental nation-wide laboratory. He has more recently participated on teams tasked to assess and advise Fortune 100 clients, with a focus on maturing an organization's ability to more quickly and effectively detect, respond to, and contain targeted attacks
