

Hussein Khalifa

Consultant

MANDIANT ROLE

Mr. Khalifa is a Senior Consultant in Mandiant's Dubai office with 10+ years of experience in Information Security. He has been part of Mandiant team since 2015. As part of the Middle East and Africa (MEA) team, Mr. Khalifa provides Incident handling and forensics service to clients across this region. He also helps clients create and enhance their SOC/CERT programs, through process review, team mentorship and training.

PROFESSIONAL EXPERIENCE

Prior to joining Mandiant, Mr. Khalifa spent 6 years working in the Security consulting field. Throughout the 6 years, he led teams performing penetration testing, network architecture assessments and incident response engagements with clients in the energy, telecommunications and financial sectors. He also helped clients create on-premises SOC, conduct companywide awareness trainings and achieve their PCI-DSS compliance.

Prior to joining the security field, Mr. Khalifa worked as software developer for 3 years, creating Desktop, Web and Mobile products.
